Do not distribute.

Thanks everyone for helping me with the weekly report to HQ. I appreciate it.

We don't widely distribute this report but I wanted to share a copy with you for situational awareness of significant items we are tracking/reporting in the divisions/offices that you cover.

As labeled - Please do not distribute it further.

David

#### UPCOMING HOT ISSUES AND IMPORTANT DEADLINES

**Arkema Inc., [Houston, Texas](#)**

EPA intends to conduct a Risk Management Plan (RMP) inspection at the Arkema Inc. Houston Plant, located in Houston, Texas to determine compliance with the Clean Air Act (CAA) Section 112(r) and 40 CFR Part 68 Chemical Accident Prevention requirements. The inspection will focus on compliance with RMP requirements. The Texas Commission on Environmental Quality (TCEQ) has been invited to attend. TCEQ has not requested delegation of the Chemical

Accident Prevention Provisions under 40 CFR Part 68 and EPA conducts the inspections for facilities regulated under this program in the State of Texas. This inspection falls under the National Enforcement Initiative under 112r for Chemical Plants. Press interest continues to be high.
